

MENY MONTHLY MEETING - WEBINAR (VIRTUAL PRESENTATION)

June 23rd, 2021

SPEAKER: David Farnsworth, PE, Structural Engineer, Principal, Arup

TOPIC: Design, Fabrication, and Delivery of Pier 55 / Little Island – NYC

REGISTRATION: Registration is required to attend this webinar. Follow instructions on the next page.

Webinar will start promptly at **6:00 PM** (SEE SPECIAL ANNOUNCEMENT NEXT PAGE)

David Farnsworth is a Principal with Arup's New York Office and has a depth of experience in the design and management of projects both locally and globally. David leads Arup's Americas Property Market has design experience encompassing many program types, construction materials, and methods of construction. He has designed some of the world's most iconic tall building structures including the towers at Marina Bay Sands in Singapore, the Northeast Asia Trade Tower in Incheon Korea, and the Citic Tower in Beijing. He has a keen interest in the interface between design and construction and has worked on a number of projects that utilize digital techniques and prefabrication to facilitate construction of complex projects.

Objective: Design, Fabrication, and Delivery of Pier 55 / Little Island will be discussed.

This presentation is certified for **one (1) Professional Development Hour (PDH) / 1 LU**

NOTE: PDH Certificate will be e-mailed **only** to those who attend webinar for the full duration.

Attendance is tracked on online by Webinar Software.

PDH is free for MENY members (\$15 for non-members)

- Q&A will be via the Zoom Q&A type-in function when invited by the Webinar Host.
- PDH Certificate will be transmitted by e-mail to those who attend webinar for the full duration. All attendees are tracked via webinar software online.

SPECIAL ANNOUCEMENT

As you all know, this is an election year for New York City Mayor.

The Municipal Engineers of City of New York (MENY) is proud to announce that several Mayoral Candidates will be addressing the Engineering and Technical Community at our Monthly Meetings from our virtual or in-person platform (depending upon COVID progress).

The Candidates who elect to join us will be invited to disclose their plans to the Engineering and Construction Industry for improving the City's Infrastructure. We anticipate having one Candidate join us each month. The Society will be providing the same five questions to each Candidate, so that our audience can evaluate their plans.

The Candidates will join us **at approximately 5:50 PM**, and their contribution is expected to be 30 minutes or less.

The Society welcomes the various Candidates to present at the Society's Monthly Meetings, and we encourage our entire Engineering and Technical Community to join us in receiving this information from the Candidates and to show our strength and interest.

The specific Candidate is typically not finalized when the Meeting flyer is distributed. The participating Candidate will be identified and introduced at the event.

Disclaimer: The Society of Municipal Engineers of the City of New York does not endorse, advocate for, or contribute funds to, any political party or candidate, for any city, state, or national office. Any views expressed by any candidate from the platform of a Society event, are those of the candidate, and do not reflect or express the views of The Municipal Engineers.
